During the preparation of this manuscript, information regarding a grant received by Inder Verma was inadvertently omitted from the Acknowledgments. The correct sentence is below.

I. Verma was supported by NIH grant HL053670.

The authors regret the error.

Clinical Research Scholar Career Development Training Opportunity

Clinical & Translational Science Collaborative

The CTSC KL2 seeks outstanding candidates to fill Clinical Research (CR) Scholar positions available in July 2015. The training program is a component of the Cleveland CTSC and is funded by the NIH. CR Scholars will embark on a 4-year program of intensive training in interdisciplinary team-based, patient-oriented research, combining a novel educational program with mentored research experiences.

Qualified candidates

- Hold an M.D., a Ph.D., a D.D.S., a Pharm.D., a Psy.D. or an equivalent degree
- Have demonstrated a keen interest in clinical research
- Have expertise relevant to clinical research
- Have an appointment in one of the Departments in the University or medical centers
- Are U.S. citizens or have permanent resident status

Successful candidates will receive a CWRU appointment, with salary and benefits commensurate with prior experience and qualifications, research stipend, tuition benefits, and access to a multidisciplinary pool of highly qualified mentors who will guide their research projects.

Interested applicants should contact Beth Spyke, MPA, for information and application instructions at: spykeb@ccf.org; 216-444-2702 or visit: <http://casemed.case.edu/ctsc/education/kl2/>.

For more information about the CTSC visit <http://casemed.case.edu/ctsc/>.

Applications will be
accepted between
7/1/14 - 10/27/14
